

Yakutia - diamond of Russia

Yakutia is amazing republic, the largest region of the Russian Federation with unique culture, interesting traditions, ethnic food. Yakutia is associated with cold and diamonds. Winter lasts longer than usual (from October to April). Summer is especially valuable and hot (sometimes up to 40).

The tour starts with the visiting of Yakutsk city - the capital of Republic of Yakutiya. You will have an opportunity to visit different national museums, know more about traditions and customs of the people of Yakutia, take part in the rite of blessing, visit the kingdom of permafrost, see natural treasures of Yakutia; climb to Buulus glacier, visit the "Ysyakh" national holiday, see the remains of mammoths and try the National cuisine.

Rivers and islands are the unique part of Yakutia. Lena River is the main river of Yakutia which you will see during the cruise to the "Lena Pillars" Natural Park. Lena Pillars are set of vertically elongated rocks stretching for many kilometers. They included to the UNESCO World Heritage List.

Tour " **Yakutia - diamond of Russia** " will surprise you with its beauty and diversity.
