Guides' assistance: 1 - 4 Guides

Daily itinerary

0 day	Arrival in Gorno-Altaysk Meeting with guides at the airport of Gorno-Altaysk at 10.00. Transfer to the village of Chibit. On the way we will visit the Karakol Nature Park "Uch Enmek". During the tour, you will meet with various types of traditional housing of the Altai peoples. After that we will go to the largest collection of petroglyphs in Siberia Kalbak-tash. The whole life of ancient people is shown on the rocks. Age 1000-5000 years. We will also make a stop at the confluence of the Chuya and Katun rivers.	Travel mode: Auto Distance: 325 km Meal: welcome dinner Accommodation: hotel
-------	--	---

1 day	Chibit - Mars - Chibit An excursion to Altai Mars is a real miracle of nature. Unreal landscapes and color. The high content of mercury in the rock gives a reddish hue. On the way we visit Geyser Lake - the "earth eye" of amazing turquoise color. "Geysers" come to life, throwing a mixture of bluish clay and sand to the surface, which form visible circles on the bottom of the lake. Return to Chibit, rest.	Travel mode: by car, on foot Distance: 200 km, 4 km. Meal: breakfast Accommodation: hotel
2 day	Chibit - Aktash Repeater - Chibit A real off-road adventure awaits us today. Jeep ascent to a height of more than 3000 meters above sea level. There are amazing views of the snow-covered North Chui ridge and the Kurai steppe from the top.	Travel mode: by car, Distance: 50 km Meal: breakfast Accommodation: hotel
3 day	Chulyshman Today we will go to the Stone Mushrooms. The road go through through the Katu-Yaryk pass - one of the most technically difficult passes of the Altai Mountains, and one of the most beautiful. You will see the incredibly beautiful valley of the Chulyshman River. After lunch, we will walk to the stone mushrooms - natural rock formations in the Chulyshman Valley. They are stone columns with a "hat" - a natural miracle.	Travel mode: bu car, on foot Distance: 240km, 3 km Meal: breakfast Accommodation: mountain houses
4 day	Trekking to Uchar Waterfall Uchar - the largest cascading waterfall of the Altai Mountains and one of the most amazing sights of the Altai Nature Reserve. The height of the fall is about 160 meters. We are waiting for taiga landscapes, swift rivers Chulyshman and Chulcha, crystal clear mountain air.	Travel mode: on foot Distance: 20 km Meal: breakfast Accommodation: mountain houses
5 day	Teletskoye Lake - Artybash Today we will meet with the Teletskoye Lake. This is one of the largest reservoirs in Southern Siberia. More than seventy large and small rivers flow into the lake. We will take a ferry ride with cars from the south to the north of Lake Teletskoye. Overnight at a campsite in the village of Artybash.	Travel mode: by car, farry Distance: 50km, 70 km Meal: breakfast Accommodation: hotel
6 day	Artybash - Chermal After breakfast we move to Chermal village. On the way we will visit the National Museum of the Altai Republic named after Anokhin. The museum presents collections on the ethnography of the Altai people and the Russian Old Believer population. We will visit the Chermal hydroelectric power station. We will walk along the picturesque "Goat Trail" along the rocky coast of Katun. On the way we will see the confluence of the Chermal River with Katun. Then we will go to the island of Patmos, which is located in the middle of the Katun River. It is connected to the mainland by a suspension bridge. On the island there is a convent and the Church of St. John the Theologian.	Travel mode: by car Distance: 580 km Meal: breakfast Accommodation: -
7 day	Chermal - Gorno-Altaysk Departure to Gorno-Altaysk to the airport.	Travel mode: by car Distance: 100 km
